Sec. 1. CREDIT BY EXAMINATION (WITH PRIOR INSTRUCTION)

The Principal (or a student's attendance committee, as applicable) has authority to offer a student in any of grades 6–12 credit for an academic subject in which the student had some prior instruction if the student scores 70% on a criterion-referenced test approved by the Board for the particular course. In order to obtain credit by examination with prior instruction, a student in any of grades 6–12 must also satisfy the following local requirements:

1. The student must have been previously enrolled in and received instruction in the course for which credit is sought, as verified by official academic records (e.g., report cards, transcripts, or teacher documentation).
2. A written request for credit by examination must be submitted by the parent/guardian (or student, if 18 or older) to the campus principal or designee at least 30 calendar days prior to the scheduled testing date.
3. The campus shall provide at least two testing windows per year, aligned to the district assessment calendar, with additional opportunities determined by the district as needed.
4. The examination administered must be a Board-approved, criterion-referenced assessment that measures mastery of the full scope of the Texas Essential Knowledge and Skills (TEKS) for the course.
5. The student must achieve a minimum score of 70% or higher to earn credit for the course.
6. The examination shall be administered under secure testing conditions, consistent with district and state assessment procedures, including test security, accommodations (if applicable), and supervision requirements.
7. If a student does not achieve a passing score, the student may be permitted one additional attempt within the same school year or a subsequent testing window, as determined by district guidelines.
8. The campus shall ensure that appropriate testing accommodations are provided in accordance with the student's documented needs (e.g., IEP, 504 Plan, LPAC decisions).
9. The final decision to award credit shall be made by the principal or designee, based on the student's examination results and verification of prior instruction.
10. All results and documentation shall be maintained in the student's permanent academic record in accordance with district records retention policies.

Any criterion-referenced test approved by the Board shall assess the student's mastery of the essential knowledge and skills and shall be administered according to established Academy of Accelerated Learning, Inc. (AAL) procedures.

Prior to offering a student an opportunity to demonstrate mastery or earn credit by this method, an appropriate AAL employee shall review the student's records to determine whether the student has had prior instruction in the subject or course.

Sec. 2. CREDIT BY EXAMINATION (WITHOUT PRIOR INSTRUCTION)

With Board approval, AAL shall develop or purchase examinations for acceleration that thoroughly test the essential knowledge and skills for each primary school grade level and for credit for secondary school academic subjects.

a) *Kindergarten Acceleration*

The Board shall approve procedures developed by the Superintendent or designee (in accordance with State Board of Education ("SBOE") rules) to allow a child who is five years old at the beginning of the school year to be assigned initially to First Grade rather than Kindergarten. Criteria for acceleration may include:

1. Scores on readiness tests or achievement tests that may be administered by appropriate AAL personnel.
2. Recommendation of the kindergarten or preschool the student has attended.
3. Chronological age and observed social and emotional development of the student.
4. Other criteria deemed appropriate by the Principal and Superintendent.

19 Tex. Admin. Code § 74.24(b)(1).

b) *Grade 1 through Grade 5*

The Board shall approve procedures developed by the Superintendent or designee (in accordance with SBOE rules) to accelerate a student in grades 1–5 one grade if the student meets the following requirements:

1. The student scores 80% or above on a criterion-referenced test for the grade level to be skipped in each of the following areas: language arts, mathematics, science, and social studies;
2. An AAL representative recommends that the student accelerate; and
3. The student's parent gives written approval of the acceleration.

19 Tex. Admin. Code § 74.24(b)(2).

c) *Grade 6 through Grade 12*

AAL shall give a student in grades 6–12 for an academic subject in which he or she has not had prior instruction if the student scores:

1. A three or higher on a College Board advanced placement examination that has been approved by the Board for the applicable course;

2. A scaled score of 50 or higher on an examination administered through the College-Level Examination Program and approved by the Board for the applicable course; or
3. 80% on any other criterion-referenced test approved by the Board for the applicable course.

19 Tex. Admin. Code § 74.24(c)(8).

For each high school course, the Board shall approve at least four examinations that shall include College Board advanced placement examinations and examinations administered through the College-Level Examinations Program. The approved examinations may include those developed by:

1. Texas Tech University;
2. The University of Texas at Austin;
3. AAL; or
4. Another entity if the assessment meets all requirements under 19 Texas Administrative Code § 74.26(c)(2).

19 Tex. Admin. Code § 74.24(c)(1)-(2).
A student may not attempt to earn credit by examination for a specific high school course more than two times. If a student fails to earn credit by examination for a specific high school course before the beginning of the school year in which the student would ordinarily be required to enroll in that course in accordance with AAL's prescribed course sequence, the student must satisfactorily complete the course to receive credit for the course.

19 Tex. Admin. Code § 74.24(c)(9)-(10).

d) *Fees*

AAL shall not charge for a Board-approved examination for acceleration for each primary school grade level or for credit for secondary school academic subjects. If a parent requests an alternative examination, AAL may administer and recognize results of a test purchased by the parent or student from Texas Tech University or the University of Texas at Austin.

19 Tex. Admin. Code § 74.24(a)(3).
