

Course Number Course Name Credit Hours Credit Type D11 Rigor Course Description

AX_ACC	12104	Accounting	1	PWR	In this semester course of our online Accounting course, students will explore accounting, including investigating accounting careers. Students will learn basic accounting skills and procedures, both with and without a computer, for general journals, general ledgers, cash payments journals, cash receipts journals, sales journals, accounts payable ledgers, and accounts receivable ledgers. Students will also learn how to reconcile a bank statement and to prepare payroll records. This course covers the basic principles of financial accounting for individuals and for companies with attention to both the mathematical formulas and to the ethical side of accounting. Each unit has practical exercises including a project at the end of the unit.

VE_ACEWE	22152	ACE In Sch	1	PWR	Work-Based Learning Programs are structured educational experiences that integrate classroom learning (school-based) with productive, structured work experiences (work-based), which are related to a student learning entry-level job skills. A training plan and evaluation (to be filled out by the supervisor/employer) will be developed, listing job-specific technical skills the student will learn during the experience. Hours worked will be documented. Students will demonstrate levels of self-awareness, career exploration, and postsecondary option knowledge and employability skills. The ACE teacher serves as a coach and mentor checking in with the supervisor/employer regularly.
