

ROSA PARKS ELEMENTARY BOOK OF THE MONTH CLUB

2026-2027

Dear RPE Families,

I am excited to announce our Book of the Month Club, a reading initiative for 3rd-5th graders! Here's how you and your student can get involved:

How It Works

Monthly Books: Each month we will highlight a different children's book. Your student can read it on their own, with friends, or together with you.

NEW THIS YEAR - You must sign up each month to attend the meeting.

Reading options: You can check out a limited number of copies from the school library (I typically just have 1-2 copies available) or access the book in various ways:

- Visit the Lexington Public Library
- Purchase a copy from Amazon or a local bookseller such as Joseph-Beth or Barnes & Noble
- Download an electronic copy to a tablet or device
- Download an audiobook to listen to

Brag Tags

- **Earn Rewards!** For each book read throughout the year, students will earn a special keychain brag tag to put on their backpack.
- **Participation:** Students can read each month's book or just the ones that interest them. Books will span different genres and formats, including fiction, nonfiction, chapter books and graphic novels.

Monthly Gatherings

- **Events:** Each month we will host a special gathering in the library for students who have read the book. The event will include activities, discussions, and the distribution of brag tags.
- **Reading Required:** By signing up, you are committing to finish reading the book by the meeting date. If your student has not read the book by the meeting date, they should not attend the meeting.
- Our meetings will be held in the RPE library in the mornings before school from 7:20-7:45 AM.

RSVP

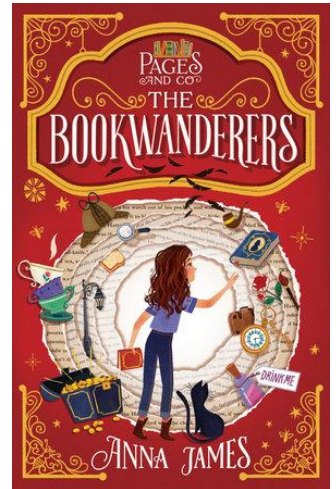

To attend the meeting, parents or guardians must complete the Google Form. Scan the QR code to the right or go to the website to access the form. Students not listed on the form will not be allowed to attend and sent on to class. **Please RSVP by September 25th.**

I look forward to a year of great reading adventures!

Mrs. Katy Hollinger, RPE Librarian
