## What is a School-Parent Compact?

A school-parent compact is a way to create a partnership between the school and home that focuses on helping students be successful. This compact will help explain how parents and teachers will work together to make sure all of our students reach grade-level expectations.

## Compact Planning

- Parents, students, and staff work together to develop the school-parent compact. During our annual Title 1 committee meeting and our campus educational improvement committee meetings, the school-parent compact is discussed, reviewed, and revised based on the school's academic goals and students' needs.
- Parent input and feedback are welcome at any time. All feedback will be collected and reviewed during our annual revision meeting with parents.
