September 15, 2026

Dear New Lothrop Community,

As we continue our pre-bond planning process, I want to remind our community about two upcoming Community Facilities Input Sessions.

The sessions will be held:

- **Thursday, September 17 at 6:00 p.m. - High School Media Center**
- **Monday, September 28 at 6:00 p.m. - High School Media Center**

These meetings will provide an opportunity for community members to learn more about the facility and infrastructure needs identified through our assessments, review potential projects, ask questions, and share feedback.

At this time, the district is planning for a May 2027 zero-mill increase bond proposal. No final project list has been established, and community input remains an important part of determining our priorities.

We encourage you to attend one of these sessions, learn more about the needs of our district, and share your perspective as we plan responsibly for the future of New Lothrop Area Public Schools.

Thank you for your continued interest and support of our schools. We look forward to seeing you and hearing from our community.

Together in Education,

Jay Larner
Superintendent
New Lothrop Area Public Schools
