

FILM PRODUCTION

PATHWAY

PATHWAY OVERVIEW

The Film Production pathway helps students build knowledge and hands-on skills in technical knowledge, professional skills, and career readiness.

Through Audio and Video Technology & Film, Introduction to Film Production, and Film Production Application, students prepare for postsecondary education, industry credentials, and work-based learning experiences connected to the field.

CAREER CLUSTER

Arts, Entertainment & Design

COURSE SEQUENCE + WORK-BASED LEARNING

1

Audio and Video Technology & Film

Develops audiovisual production skills in camera operation, editing, audio, lighting, storytelling, and industry-standard workflows.

2

Introduction to Film Production

Explores film history, storytelling, pre-production, cinematography, sound, lighting, post-production, and real-world production workflows.

3

Film Production Application

Explores film history, storytelling, pre-production, cinematography, sound, lighting, post-production, and real-world production workflows.

Work-Based Learning (Capstone Experience)

Strengthen employability skills through supervised workplace experiences, career exploration, internships, and community-based learning aligned to the student's goals.

LEADERSHIP + INDUSTRY CONNECTIONS

CAREER & TECHNICAL STUDENT ORGANIZATION

COMPETITION OPPORTUNITIES
