

Summer 2026 Consumer Product Safety Recalls

CooCooBaby Baby Loungers Recalled Due to Risk of Serious Injury or Death from Suffocation and Fall Hazards; Violates Mandatory Standard for Infant Sleep Products

Hazard:

The baby loungers violate the mandatory standard for [Infant Sleep Products](#) because the sides are shorter than the minimum side height limit to secure the infant; the sleeping pad's thickness exceeds the maximum limit, posing a suffocation hazard; and an infant could fall out of an enclosed opening at the foot of the lounger or become entrapped. The portable loungers do not have a stand, posing a fall hazard. These violations create an unsafe sleeping environment for infants, posing a risk of serious injury or death.

GOPO Toys Recalls Pull String Teething Toys Due to Risk of Serious Injury or Death from Choking; Violate Mandatory Standard for Toys

Hazard:

The recalled teething toys violate the mandatory standard for [toys](#) because the silicone strings are smaller and longer than permitted. The strings can reach the back of children's throat and become lodged, posing a serious risk of respiratory distress and deadly choking hazard.

Joolz Recalls Aer2 Car Seat Adapters for Strollers Due to Risk of Serious Injury from Fall Hazard

Hazard:

The recalled car seat adapters can fail to properly attach to the stroller, which may allow the car seat to fall, posing a risk of serious injury from a fall hazard.

Timechee Changing Table Dressers Recalled Due to Risk of Serious Injury or Death from Tip-Over and Entrapment Hazards; Violate Mandatory Standard for Clothing Storage Units; Sold on Amazon by Timechee

Hazard:

The recalled dressers are unstable if not anchored to the wall, posing tip-over and entrapment hazards that can result in a risk of serious injuries or death to children. The dressers violate the mandatory safety standard as required by the [STURDY Act](#).

LiKee Pull String Teething Toys Recalled Due to Risk of Serious Injury or Death from Choking; Violate Mandatory Standard for Toys; Sold on Amazon by ChilanTech

Hazard:

Infant Walkers Recalled Due to Risk of Serious Injury or Death from Fall Hazard; Violate Mandatory Standard for Infant Walkers; Sold on Amazon by Goregent Official Store

Hazard:

The recalled infant walkers violate the mandatory standard for [infant walkers](#) because they can fit through a standard doorway and fail to stop at the edge of a step, posing a risk of serious injury or death due to a fall hazard.

KMUYSL Big Red Barn Farm Animal Playsets Recalled Due to Risk of Serious Injury or Death from Choking; Violates Small Parts Ban; Sold on Amazon by MISSJUNE

Hazard:

The recalled children's toys violate the [small parts ban](#) because the toy is intended for children under three years of age and the fence handles can detach from the toy, posing a deadly choking hazard.

ATOYUS Children's Activity Cubes Recalled Due to Risk of Serious Injury or Death from Choking Hazard; Violate Small Parts Ban and Mandatory Standard for Toys; Sold on Amazon by Melofaver US

Hazard:

The recalled toys violate the [small parts ban](#) because the toys are intended for children under three and the toys' xylophone screws and clock hands can detach. In addition, the toys violate the [mandatory safety standard for children's toys](#) because the mallets have spherical ends, posing a choking hazard.

BABESIDE Doll and Stroller Children's Toys Recalled Due to Risk of Serious Injury or Death from Choking Hazard; Violate Small Parts Ban; Sold on Amazon by HYBDOLLS

Hazard:

The recalled toys violate the [small parts ban](#) because they are intended for children under three and the small pacifier poses a deadly choking hazard to young children. In addition, the eyes on the plush bear can detach also posing a choking hazard.

HappyGira Recalls Sweetie Baby and Style Life Eleven Baby Loungers Due to Risk of Serious Injury or Death from Suffocation and Fall Hazards; Violates Mandatory Standard for Infant Sleep Products

Hazard:

The baby loungers violate the mandatory standard for [infant sleep products](#) because the sides are shorter than the minimum side height limit to secure the infant and they do not have a stand, posing a fall hazard. Additionally, an infant can fall out of the enclosed opening at the foot of the lounger or become entrapped. Furthermore, the sleeping pad's thickness exceeds the maximum limit, posing a suffocation hazard. These violations create an unsafe sleeping environment for infants, posing a risk of serious injury or death.

Cpzzkg Baby Loungers Recalled Due to Risk of Serious Injury or Death from Suffocation Hazard; Violates Mandatory Standard for Infant Support Cushions; Sold on Amazon by CetoPMax

Hazard:

The recalled baby loungers violate the mandatory safety standard for [infant support cushions](#) because the padding can obstruct an infant's breathing, posing a serious risk of injury or deadly suffocation hazard.

Children's Tower Stools Recalled Due to Risk of Serious Injury and Death from Entrapment and Fall Hazards; Imported by TOETOL HOME

Hazard:

The recalled tower stools can collapse or tip over while in use and a child's torso can fit through the openings on the tower's sides, posing a risk of serious injury and death due to tip over, fall and entrapment hazards.

Children's Tower Stools Recalled Due to Risk of Serious Injury and Death from Entrapment and Fall Hazards; Imported by AMZCMJ DGD

Hazard:

The recalled tower stools can collapse or tip over while in use and a child's torso can fit through the openings on the tower's sides, posing a risk of serious injury and death due to tip over, fall and entrapment hazards.

Montessori Toy Sets Recalled Due to Risk of Serious Injury or Death from Choking Hazard; Violate Mandatory Standard for Teething Toys; Sold on Amazon by SpringFlower

Hazard:

The Montessori toy sets contain an airplane shaped teething toy that has tentacle ends that can pose a choking hazard to young children. The toys also violate the teething toy provision of the mandatory standard for [children's toys](#).

Rainbow Wall Toys Recalled Due to Risk of Serious Injury or Death from Choking Hazard; Violate Mandatory Standard for Children's Toys; Sold on Amazon by Justforjoyful

Hazard:

The recalled toys violate the [mandatory safety standard for children's toys](#) because the drumstick that is attached to the xylophone component has a spherical end that can pose a choking hazard.

Missry Associates Recalls Misco Sports Badminton Toy Sets Due to Risk of Serious Injury or Death from Battery Ingestion; Violates Mandatory Standard for Toys

Hazard:

The Misco Sports Badminton Toy Sets violate the [mandatory safety standard for children's toys](#) because the shuttlecocks contain button cell batteries that can be easily accessed by children. When button cell or coin batteries are swallowed, the ingested batteries can cause serious injuries, internal chemical burns and deaths.

Tiny Land Children's Play Tents Recalled Due to Risk of Injury from Irritation to Skin and Eyes

Hazard:

The recalled tents' fiberglass poles can shed fibers, posing an injury risk of skin and eye irritation.

Luminous Fidget Spinner Balls Recalled Due to Risk of Serious Injury or Death from Battery Ingestion; Violates Mandatory Standard for Toys; Sold on Amazon by Anzmtosn

Hazard:

The recalled toys violate the [mandatory safety standard for toys](#) because the mini flashlight included with the fidget spinner balls contains button cell batteries that can be easily accessed by children. If button cell or coin batteries are swallowed, the ingested batteries can cause serious injuries, including internal chemical burns, and death.

CBC Group Recalls Stephan Baby Boo Bunny and Friends Children's Toys Due to Risk of Serious Injury from Choking and Laceration Hazards

Hazard:

The toys' plastic cube can break into small parts or sharp edges, posing a risk of serious injury from choking and laceration hazards.
