4. Staff members whose contributions to the school positively impacted either staff or students.

ATHLETIC HALL OF FAME: The Athletic Hall of Fame is open to any student or staff member who meets the following criteria:

1. Athletes must be five (5) years post-graduation.
2. Staff members must have been a member of the coaching/athletic staff for at least five (5) years and no longer on the coaching staff.
3. Contributions to all sports are to be taken into consideration.
4. Students must have earned a varsity letter at Sierra High.
5. Nominees must be “worthy” and “outstanding” individuals for induction consideration and not just simply the “best athlete in the graduating class.”
6. Contributions to the total athletic program and school in the areas of service to the school, attitude, citizenship, leadership, school spirit, and scholarship will be considered.
7. Male and female recipients are considered separately with no requirement to establish a balance of inductees by sex.
8. There are no “automatic” selections to the Hall of Fame but factors such as, success in multiple sports, four-year letter winners in a sport, individual and team state champions, high school and/or collegiate All-America status, participation on the collegiate and/or professional sport level, and contributions to society as a post-Sierra graduate will weigh strongly in the selection of candidates.

*It is recommended that nominees be submitted either by present or former school personnel, community members, or former students. The nominees will be considered based upon the above criteria.
