Our Commitment to Student Wellness

It's a fact - healthier students are better learners. That's why Reardan-Edwall School District is working to create a healthier environment for our students. Our Wellness Policy Team encourages you to support our school Wellness Policy implementation. The Wellness Policy addresses school meal programs, nutrition education, physical activity, and foods available during the school day. We are looking into a variety of ways to offer healthy food choices throughout our school--in the school meal programs, classroom celebrations, and at school sponsored events. We are also supporting nutrition education in the classrooms, and physical activities.
