CORE CURRICULUM

Grosse Pointe Public School System engages in a continuous cycle of improvement grounded in collaboration, continuity, and commitment to guiding principles. We are anchored by our Vision: The premier educational community where we innovate, learn, grow and thrive together, and our Mission: to empower ALL students to reach their full potential through exemplary instruction, innovative experiences, and collaborative community engagement. GPPSS fosters an equitable educational community where every learner can realize their unique potential. Our goal is to offer students rich opportunities to develop the attitudes, values, knowledge, and skills to become engaged, contributing members of society.

Our district employs aligned practices to ensure curriculum, instructional strategies, and assessments work cohesively to maximize learning. All students access a rigorous, relevant curriculum aligned from preschool through graduation. A broad, innovative, and evolving curriculum meets diverse needs and challenges learners to reach their fullest potential. Instruction is differentiated and culturally responsive, rooted in best practices and research. We maintain high expectations while honoring flexibility, innovation, and individual teaching styles to ensure meaningful learning in every classroom, every day. Curricular adjustments are data-informed through ongoing districtwide assessments.

GPPSS curriculum is developed under the leadership of the Educational Programs Leadership Council (EPLC) — a collaborative body of teachers, parents, students, and administrators. Curriculum aligns with state standards across disciplines and integrates exemplary local and national standards. EPLC reviews curriculum committee reports and presents them to the Board of Education with recommendations for assessments, professional development, technology integration, and culturally responsive instructional strategies. GPPSS offers a wide range of Advanced Placement (AP) courses, engaging enrichment programs, and a comprehensive special education program to ensure pathways to success for all students. The Strategic Plan guides curriculum and instructional practice design and review. All curricular areas undergo a four-phase cyclical review process:

- Phase 1 – Curriculum review and study (currently Y5-5 Report Card, ELA grades 6-12, Technology Y5-12)
- Phase 2 – Goal and program development (Performing Arts/Drama, Business, Industrial Tech)
- Phase 3 – Implementation of new curricula
- Phase 4 – Ongoing maintenance and improvement

GPPSS supports a robust professional development program, combining teacher-selected opportunities with district-prioritized training. This promotes professional growth while aligning practices with district goals. We are committed to fostering a culture of modern learning and innovation, preparing students to thrive in a dynamic world. Our programs cultivate critical thinking, creativity, collaboration, and adaptability, equipping students for diverse future pathways. Emerging technologies are thoughtfully integrated to enhance learning, promote problem-solving, and encourage engagement — while keeping learning human-centered and grounded in real-world application. By embracing innovation, GPPSS empowers students to explore ideas, develop practical skills, and become adaptable, forward-thinking contributors to their communities.

SCHOOL IMPROVEMENT PLAN

Goal 1: By the end of the 2025-26 school year, we will provide aligned MTSS Tiered instruction and interventions in Reading, resulting in a 2-3% increase in NWEA or PSAT Reading scores school-wide from Fall 2025 to Spring 2026.

Goal 2: By the end of the 2025-26 school year, we will provide aligned MTSS Tiered instruction and interventions in MATH, resulting in a 2-3% increase in NWEA or PSAT Math scores schoolwide from Fall 2025 to Spring 2026.

Defer's School Improvement Plan includes objectives and strategies that align with the district and school mission, as well as the approved curriculum. Staff development is an integral component of the ongoing school improvement process.

Assignment of Studies

The Board has determined attendance areas and students shall be expected to attend school within that area. A parent may request a transfer or appeal a placement decision on behalf of their student. The principal shall be responsible for assigning students to classes. In the elementary schools, the principal, in determining the grade level for any new student, may take into consideration the previous schooling of the student but may assign the student to a lower grade level or higher grade level, if in the principal's judgment such an assignment would be in the best interest of the student. In middle school and high school students will be assigned to counselors, classes and instructors by the building principal. GPPSS also has in place policies and guidelines for promotion and retention.
