COMPETITION FORMAT

Two competition opportunities will run during the event:

VARSITY BRACKET

NEWCOMER ROUND ROBIN

Held in the back gym for newer girls so they can gain meaningful mat time against athletes of similar experience.

Coach responsibility: Each coaching staff is responsible for deciding which athletes belong in the varsity bracket and which belong in the newcomer round robin. Please use good judgment and place athletes where they can compete safely and appropriately.

AWARDS & VARSITY FINALS EXPERIENCE

- No awards will be given for the newcomer round robin division.
- Varsity brackets will award medals to 1st through 4th place.
- Each varsity champion will receive a tiara. Moms will be invited to crown the champion and present the medals, creating a special championship moment for the girls.
- Varsity championship finals will be wrestled one match at a time on a single featured mat under the lights, with a full finals presentation designed to make the experience exciting and memorable for the athletes.

PURPOSE OF THE NEWCOMER DIVISION

- Give first-year and developing girls a positive tournament experience.
- Create competitive matches without placing brand-new wrestlers immediately against experienced varsity athletes.
- Help programs develop and retain new girls while still providing a strong varsity tournament.
