

Third Grade (CE2)

American Section Program

Curriculum information: www.americansection.org/academics/the-lower-school/third-grade-ce2

Bilingual: Native-level English and French

Students are enrolled in the French public school system (see placement options below) then excused two half-days per week to attend their American Section classes.

Class Schedule: Tuesday mornings and Friday afternoons (six hours of classroom instruction, plus Art and Library)

Class Size: two classes of 20 students each (Lycée) and one class of 15 (Ecole Schnapper).

Placement

Estimated number of places available next year: 8-16 places overall, mostly externé

Placement options:

- 1) Full-time at the Ecole Schnapper: The American Section welcomes approximately 70 students at this partner school located nearby in St. Germain. Students attend their American Section classes as well as their French classes on this site. This is the only placement option with extended hours offering daycare and study hall possibilities after school. We expect to have 0-2 places become available here.
- 2) Externé on the Lycée campus: This is a part-time option in which students come to the Lycée two half-days per week for their American Section classes. The rest of the time they attend their local French school. Please note that the majority of all primary students enrolled at the Lycée International are *externés* (currently 750 students from 11 different sections). *Externé* students may request a full-time place in successive years, however, space remains limited each year. We will have 7-12 *externé* spaces become available next year.
- 3) Full-time on Lycée campus: Spaces are reserved for students who qualify for the French-immersion program (full-time bilingual places that become available will go first to currently enrolled *externé* students). We expect to have 1-2 places available in our French immersion program next year.

Complete instructions are available online once you log in.

Testing

Testing is conducted in English and is administered individually. The assessment will last approximately 45 minutes. It will include the following components: vocabulary, reading comprehension and fluidity, oral comprehension, spelling, and writing.

Testing will be scheduled from February 22, 2027 to April 2, 2027 for all CE2 candidates. Testing is done individually and will be arranged on-site for local candidates if possible. Online testing will be arranged for families living overseas.

French Immersion/*Français Spécial (FS)*

This is a specialized track for candidates who do not yet speak French or who have very little knowledge of the language. The class is composed of 15-20 new students coming from all over the world. Students work with a specialized French teacher from September to June to develop their knowledge of French while maintaining their native level of English with the American Section. As the year progresses, other subjects (Math, Science, History) are also added to the program by the French teacher. The program is challenging and requires good study habits, adaptability, and a motivation to learn a new language even from the youngest candidates. By the end of year, French immersions students should be ready to join the mainstream bilingual program.

If you are considering this option, we recommend that you contact the Admissions Office to go through details of the program before applying.

Please note that the French-immersion class is sometimes run as a combined level of second/third grade or third/fourth grade. This can impact a child's placement in the American Section and may require a child to be placed in a higher or lower grade level for the first year in the program.
