

## Adding Middle School Courses in Common App

Enter high school courses that you took in Middle School in the 'Other Courses' section. As per Common App, you will not enter the Middle School name, just the HS where you earned the credit.

Create separate entries for  
each year you took a HS  
level course

Match your transcript  
(trimesters or semesters)

The screenshot shows the 'Courses & Grades - Other Courses' section of the Common App. The form is titled 'Courses & Grades - Other Courses' and includes instructions: 'Use this grid to report your courses exactly as they appear on your transcript. If any middle school courses appear on your transcript, you do not need to note the middle school's name. Please use the high school name where you received credit instead.' The form is for 'Transcript #1 - Issaquah High School'. It has four main sections: 'School Name \*' (Issaquah High School), 'School Year \*' (2021-22), 'Grading Scale \*' (A-F), and 'Schedule \*' (Trimesters). Below these are two rows of course information. The first row is for 'Algebra' with course name 'CC 8/ALGEBRA 1' and level 'Accelerated'. It shows trimester grades of 'A' for T1, T2, and T3, and a blank 'Final' grade. Trimester credits are 0.333 for T1, T2, and T3, and a blank 'Final' credit. There is an 'N/A' checkbox. The second row is empty. Red arrows point to the 'School Year' dropdown, the 'Course Level' dropdown, the 'Final' grade dropdown, and the 'Final' credit dropdown.

CC8/Alg1 is the ONLY accelerated  
course (compressed content).  
Otherwise, it should be Regular  
(even if taken 'early') or Advanced  
if it says Adv. in course name.

Again, match your transcript.  
ISD does not have 'final' grades  
or credits, so leave these blank
