Time fades everything…
except what we collectively value…
and choose to recall.

Welcome to the 2026 Santa Maria High School Athletic Hall of Fame inductee celebration. Thank you for joining us on a historic journey back in time as we collectively reflect on our athletic legacy. We appreciate your support as we gather to honor our current inductees and look forward to future inductee celebrations.

MISSION

To inspire future athletes, coaches and teams to reach higher levels of athletic achievement.

BELIEF

As a core foundation of the athletic legacy of our school and communities, we reflect on our athletic tradition that is built to last. As the Santa Maria High School Hall of Fame committee, we collectively believe that participating and coaching in high school athletics, has life-long benefits with lessons that become core elements in the development of our personalities and commitments to our families and careers. We believe that athletic training, competition and related experiences, regardless of the level of success or achievement, will never stop transforming our lives and contributing to who we are as individuals. For coaches and athletes who reach a high level of athletic achievement, there is a level of responsibility to model and set examples for others to follow. As time passes, it gets easier to forget our past success and harder to recall the amazing pathway of our athletic legacy. We believe it is vital to our future success in athletics, to recall, highlight and honor the athletic achievements that we all commonly respect. Understanding the level of commitment that leads to a high level of athletic achievement will guide our evaluations leading to future inductees. We are committed to the evaluation and selection process that leads to celebrating the athletic achievements and related legacy of our athletes, coaches and teams.

INTENT

The intent of Santa Maria High School Athletic Hall of Fame is to honor and reflect the success and achievement surrounding our school's athletic legacy of the past 134 years, and to tell the stories that highlight the journey and contribution of our individual athletes, coaches, teams, cheerleaders and community supporters. Our vision is to leverage the story of each Athletic Hall of Fame inductee to inspire others to set a higher level of commitment, leading to a higher level of athletic achievement. The opportunity to pay it forward to those who are inspired by the Santa Maria High School Athletic Hall of Fame inductees, is the core intent and purpose of recognizing and honoring individuals and team achievements.

COACH

Bob Biddle

1959 - 1983

Posthumous

Bob Biddle came to Santa Maria after playing football for the UCSB Vaqueros and serving in the United States Army. Bob Biddle made his way to Santa Maria, where he began a remarkable career as an educator and coach at Santa Maria High School. For more than 20 years, Coach Biddle dedicated himself to SMHS students and athletes before retiring in 1983.

Although he contributed to several athletic programs, Coach Biddle's greatest impact came through football and track and field. During his years with the Saints, he coached alongside respected SMHS coaches Pinky Bebernes, Dick Mannini, Tom Hawkins, and Frank Benz. He was part of league championship teams, CIF-qualifying seasons, and the legendary 1972–73 football team that advanced to the CIF Finals against Los Altos.

Coach Biddle helped develop many outstanding Saints athletes, including Miles Moore, Milt Guggia, Jeff Muro, Wayne King, Nelson Sagisi, Kim Kirchhof, and Mike Draper. Several continued their athletic careers at prestigious universities, including Stanford, Cal Poly, UCLA, Ohio State, and USC. His influence came full circle when former players, including Ralph Baldiviez, later became coaching colleagues.

For more than two decades, Coach Biddle was also a cornerstone of the SMHS track and field program. Among the talented athletes he coached were Miles Moore, brothers Kenny, Buddy, and Tim Kring, Ricky Johnson, James Steels, and Eddie Johnson. Kenny Kring went on to compete for Stanford University, qualifying for two NCAA decathlon finals before earning a master's degree from Yale University.

Under Coach Biddle's leadership, the 1961 track team advanced to the CIF semifinals, while the 1972 team captured the Northern League Championship. Numerous individual athletes also qualified for CIF competition throughout his tenure.

Coach Biddle passed away May 8, 2023 and he leaves a lasting legacy that reflected not only in championships and athletic accomplishments, but in the generations of Saints he mentored, encouraged, and inspired; his memory will live on for decades to come.

Jerry Watson Named SMAC's First 'Athlete of Month'

SANTA MARIA, May 6 (VNS) Jerry Watson, Santa Maria Union High School track and field star, is the first Athlete of the Month to be named by the Santa Maria Valley Athletic Club. Watson received the honor in the form of a placard last night at the first of a series of monthly meetings at the Beacon Outpost. Succeeding meetings, when outstanding athletes will be honored, are to be held on the first Monday of each month.

Watson's achievements include marks of 5-10 in the high jump, 21-11½ in the broad jump, 46 feet in the shot put and 11 feet in the pole vault. He also established State-wide times in the high and low hurdles.

A Santa Maria native, Jerry was born and raised in the community and attended Santa Maria High School from 1948 to 1952. A gifted two-sport athlete, he distinguished himself in both football and track and field, leaving an athletic legacy that remains part of Saints history today.

Against Paso Robles, he recorded an incredible 77-yard kickoff return for a touchdown, along with 109 rushing yards and 79 receiving yards, helping lead the Saints to victory.

Jerry was equally exceptional in track and field. A three-year letterman and team captain, he helped lead the Saints to both a league championship and CIF Division 1AA title. A remarkably versatile athlete, Jerry competed in numerous events and at one time held school records in the pole vault, shot put, broad jump, and low hurdles. Most impressively, his 1952 high-hurdle mark of 14.75 seconds remains an SMHS record more than seven decades later. He also earned All-Conference and All-CIF honors and became the first Santa Maria Times Valley Athletic Club Athlete of the Month.

Highly recruited for football, Jerry attended Whitman College before returning to California and continuing his career at Cal Poly San Luis Obispo, where he led the junior varsity team in rushing with 509 yards on 70 carries. He also played at Allan Hancock College.
