Discover Stonar Clubs

A Year-Round Guide to Prep & Senior Co-Curricular Clubs

Illustrative of the clubs on offer across the year - the programme changes termly

Discover Co-Curricular Life at Stonar

At Stonar, we believe that some of the most memorable moments of school life happen beyond the classroom. Our co-curricular programme gives pupils the opportunity to discover new interests, develop existing passions and try things they may never have considered before. From sport, music and creative arts to academic enrichment, outdoor adventure and specialist activities, there is something to inspire every pupil.

The breadth of our clubs reflects the size and spirit of the Stonar community. Pupils can develop skills, build confidence, work collaboratively and, importantly, have fun alongside friends and teachers. Many activities complement our academic and sporting programmes, while others simply provide the opportunity to explore something new. As pupils progress through the School, the range of opportunities grows, allowing them to take greater ownership of their interests and discover where their strengths and passions lie.

This brochure brings together the clubs offered to Stonar pupils during the last academic year. It is intended as a guide to the breadth and variety of co-curricular opportunities typically available at Stonar, rather than a definitive list of clubs running in any particular term.

Our clubs programme changes throughout the year, with different activities offered each term and new clubs introduced regularly. Not all clubs featured in this brochure will therefore run at the same time. For the most up-to-date information, please refer to the current term's clubs communication and the SOCS online booking system, which provides details of available clubs and how to sign up.

Co-Curricular Life in the Prep School

Co-curricular life is an important part of the Stonar Prep experience, giving pupils the opportunity to explore new interests, develop their talents and discover passions beyond the classroom. Our clubs offer a wonderful mix of sport, creativity, music, academic enrichment and fun, with opportunities designed to engage pupils at every stage of their Prep journey.

From trying something completely new to developing a skill they already love, pupils are encouraged to be curious, have a go and enjoy learning in a different way. Clubs also provide valuable opportunities to build confidence, develop friendships and work together as part of the wider Stonar community.

With a varied programme that changes throughout the year, there is always something new to discover at Stonar Prep.

Co-Curricular Life in the Senior School

As pupils move into the Senior School, co-curricular life becomes an opportunity to develop passions, pursue ambitions and take greater ownership of their interests. Our extensive programme spans sport, music, creative arts, academic enrichment, adventure and specialist activities, giving pupils the freedom to shape their experience beyond the classroom.

Whether developing expertise in an activity they already love, taking on a new challenge or discovering a talent they never knew they had, pupils are encouraged to make the most of the opportunities available. Alongside enjoyment, these experiences help pupils develop leadership, teamwork, resilience, confidence and independence – qualities that will serve them well beyond Stonar.

As pupils grow, so does the opportunity to take responsibility, lead others and challenge themselves. Our co-curricular programme helps prepare pupils not only for their next stage of education, but for life beyond school – equipped with the skills, experiences and confidence to embrace whatever comes next.
