Information on SMS text messaging and Short Codes: SMS stands for Short Message Service and is commonly referred to as a "text message." Most cell phones support this type of text messaging. You can opt out of these messages at any time by replying to one of our messages with "stop". SchoolMessenger is compliant with the Student Privacy Pledge, so you can be assured that your information is safe and will not be given or sold to anyone. SchoolMessenger uses a true SMS protocol developed by the telecommunications industry specifically for mass text messaging, referred to as "short code" texting. This method is fast, secure, and highly reliable because it is strictly regulated by the wireless carriers and only allows access to approved providers.
