Additional AP courses are also offered through Virtual High School (including but not limited to: Computer Science, Economics, Art History, Macro and Micro-economics, Sign Language, and Statistics). These courses are available for students who wish to enroll in an AP or career applicable course that is not currently offered by an in-person instructor in the building.

St. Joseph High School offers 19 unique courses that allow students the opportunity to gain dual enrollment college course credit. Dual enrollment courses are offered in Biology, Entrepreneurship, Faith & Reason, Environmental Science, International Relations, Physics, Statistics, US History, and World Religions through the University of Connecticut, Sacred Heart University, the University of Iowa, and Quinnipiac University. Other courses include: Medical Microbiology, Principles of Engineering, Sports Medicine, Theatre, Robotics and Automation, Aeronautical Engineering, Broadcast Journalism, and Contemporary Political Philosophy.

Theology:

Each student is responsible for an annual course load of six or seven credits including Theology. Theology is as demanding as any other college preparatory course. We encourage colleges to include it when calculating a grade point average.
