

WHAT IS ARTSONIA?

Artsonia is the world's largest digital student art museum. It's a safe and free website designed to connect parents and families with their child's creative activities at school.

Whenever the students complete a project in art class, the art teacher posts a photo of their work to their private digital art portfolios. Families can access high quality images of their child's work while the artwork itself is kept safe in a paper portfolio until the end of the school year. At that point, the artwork will come home!

ARTSONIA ALLOWS YOU TO:

- **View your child's artworks**

New artwork is often uploaded by the art teacher, but you can also upload artwork with your smartphone that may be sitting around the house.

- **Start a fan club**

Invite family and friends to view your child's official "fan club" so they can receive notification when new artwork is posted and boost your child's confidence. You can even leave compliments to encourage your child to keep creating!

- **Support the arts program**

You may purchase high-quality custom keepsakes featuring your child's art through the website's giftshop. The school arts program receives 20% of your purchase to use towards new art materials!
