

JBHS Dog Grooming Check-In

Customer Expectations: All dogs must arrive on a leash. Dogs should have been previously fed. Dogs will have water in cages and it is preferred they are not dropped off with food items. Each situation may vary and it's important in the event that feeding routines are necessary that the animal's owner provide these necessary items with specific instructions.

Is there anything we should know about your pet prior to grooming that would help us:

As the owner of the dog/cat I verify that this animal is up to date on all shots and is healthy at the time of service. As the owner of this animal I understand that my animal is being groomed in an educational environment and understand that all those involved in the grooming process will practice safe handling practices at all times with my animal. As the owner of the animal I have verified any instructions prior to grooming that would help to facilitate this process.
