BELIEVE. BELONG. BECOME.

Welcome to FAIR School Pilgrim Lane, a magnet school with an arts focus, where students develop their strengths both academically and artistically, lift up their voice and learn to make a positive difference.

IGNITING CREATIVITY

FAIR Pilgrim Lane integrates the arts through every classroom. Creativity is at the heart of all we do, with curriculum that allows our students to stretch and explore their understanding of the world through a variety of artistic media.

We explore students' artistic appreciation and expression, teaching them how to create, communicate, respond and make connections with their learning. The result? Academic excellence!

FAIR Pilgrim Lane is proud to partner with Stages Theatre Company, which offers a dynamic blend of creativity and performance arts with academic standards. Through interactive mini sessions, children develop confidence, teamwork, and communication skills. Stages enhances our arts-focused curriculum—supporting core subjects such as English Language Arts—nurturing young talents and fostering a lifelong appreciation for theater.

Specialist teachers in our school play a crucial role in arts integration and physical education. By fostering creativity and critical thinking, they help students progress in understanding the world around them. This holistic approach cultivates well-rounded individuals with enhanced problem-solving skills and cultural awareness.

Study of and through the arts means exposure to many different creative styles and cultural traditions. Students see themselves reflected in their studies, and we encourage everyone to Be Respectful, Be Responsible, and Be a Leader.

MISSION

The mission of Robbinsdale Area Schools is to inspire and educate all learners to develop their unique potential and positively contribute to their community.

EARLY ADVENTURES - PREK

Early Adventures is a fee-based early learning program that combines high quality child care with preschool curriculum. Open to any student who will attend kindergarten the following year, the program focuses on social, emotional, physical and creative development skills throughout the day. Each day a teacher provides students with a preschool experience including language, literacy, and mathematical thinking.

ADVENTURE CLUB - GRADES K-5
