BELIEVE. BELONG. BECOME.

Welcome to Plymouth Middle School, where we believe the middle school years should be filled with learning, discovery, friendships, opportunities, and excitement! Our goal is simple but powerful: every student should feel known, valued, challenged, supported, and proud to call Plymouth Middle School their school.

At Plymouth Middle School, we believe there is **greatness in every student**. Our talented teachers, counselors, support staff, and therapists work together to create an engaging, inclusive, and caring learning environment where students can discover their strengths, find their voice, explore their interests, and prepare for high school, college, careers—and whatever big dreams come next!

And at Plymouth, **we ROAR!** Our Panthers are encouraged every day to demonstrate:

R — Respect: We treat others with kindness, dignity, and care.

O — Ownership: We take responsibility for our choices, words, learning, and actions.

A — Attitude: We bring positivity, curiosity, and a “Yes, we can!” spirit.

R — Resilience: We learn from challenges, keep moving forward, and come back stronger!

But great schools are about more than academics—they are about **relationships and belonging**. We want every student who walks through our doors to know: **You belong here. Your voice matters. Your ideas matter. And we are excited that you are part of Plymouth!** Through strong relationships, restorative practices, and daily advisory groups, students have caring adults who know them, encourage them, celebrate their successes, and support them through the ups and downs of middle school.

We also know that students thrive when they have opportunities to **explore, create, perform, compete, lead, and discover new passions**. This year, we are especially excited to welcome **Stages Theatre Company**, which will provide theater classes for Plymouth Middle School students—bringing even more creativity, confidence, collaboration, and the arts into our school community.

For students who are new to PMS, the journey begins with our **Where Everyone Belongs (WEB) Program**. Student WEB leaders help welcome and connect new students, build friendships, answer questions, and make sure our newest Panthers quickly discover what Plymouth is all about.

And families—you are an important part of this journey! **We want you connected, involved, informed, and partnering with us.** When students, families, staff, and our community work together, there is no limit to what our young people can accomplish.

One School. One Community. One Plymouth.

Together, we believe. Together, we belong. Together, we become. And together, WE ROAR!

MISSION

The mission of Robbinsdale Area Schools is to inspire and educate all learners to develop their unique potential and positively contribute to their community.

SPANISH IMMERSION

Plymouth Middle School continues the district's dual language Spanish Immersion program. Our Spanish Immersion Program includes three classes taught entirely in Spanish: Science, Social Studies and Advanced Spanish. The program helps students continue to develop their bilingual, biliterate, bicultural fluency.

STUDENT LEADERSHIP

PMS offers several leadership programs that empower students to build community, promote inclusion, and strive for academic excellence.

- **WEB (Where Everybody Belongs):** This program helps incoming 6th grade students successfully transition to middle school. WEB Leaders guide and support younger students, fostering a sense of belonging and ensuring a positive start to their secondary school experience.
- **Student Leadership Group:** Leadership members lead school-wide inclusion activities such as spirit days, kindness initiatives, and provide student voice in school improvement efforts. They help build a welcoming school culture.
- **National Junior Honor Society (NJHS):** NJHS recognizes students who demonstrate high academic achievement, leadership, and character throughout middle school. Members uphold the values of scholarship, service, leadership, citizenship, and character.

ACTIVITIES AND ATHLETICS

Plymouth Middle School students may choose to participate in a variety of extracurricular activities including programs in athletics, fine arts, service, and academics. These activities provide excellent experience in learning teamwork, leadership development, social growth, team spirit and respect to others.

AVID COLLEGE READINESS

AVID (Advancement Via Individual Determination) is a college readiness program that helps students develop the skills they need to be successful in high school and college. The program is designed to increase overall academic performance, success in rigorous curriculum and participation in activities at school. AVID helps students become better educated, responsible citizens and leaders in society. This program serves students in grades 7-12.

THE BASEMENT - MIDDLE SCHOOL CARE, CONNECTION

The Basement is a fee-based program created just for middle schoolers, offering a safe and flexible space before and after school, as well as on non-school days throughout the school year and summer.

Designed to support students as they grow into independent and responsible teens, The Basement offers a balance of freedom and structure. At times, students will be allowed to spend time outside of direct adult supervision—with clear expectations, safe boundaries, and guidance to help them make good choices.

We encourage independence while providing the support students need to thrive.

For more information, contact Community Education at 763-504-6990.
