BELIEVE. BELONG. BECOME.

Robbinsdale Spanish Immersion School is a community that promotes a passion for Spanish language and Hispanic cultures. We inspire students to achieve academic excellence while becoming respectful and responsible citizens of our ever-changing, global community.

La Escuela de Inmersión de Español en Robbinsdale, es una comunidad que promueve la pasión del idioma español y las culturas hispanas. Nuestra misión es inspirar a nuestros estudiantes, que logren excelencia académica, a la vez llegar a ser respetuosos y responsables ciudadanos de nuestra comunidad global que está en constante cambio.

THE FUTURE IS BILINGUAL

At Robbinsdale Spanish Immersion School, students learn, grow, and thrive in two languages. Through our Dual Language Immersion program, students develop bilingualism and biliteracy while building the cognitive, academic, and social skills needed for future success. Grounded in the three pillars of bilingualism and biliteracy, high academic achievement, and sociocultural competence, our program prepares students to become confident learners, effective communicators, and engaged global citizens.

At RSIS, we believe that learning a second language expands students' understanding of the world and fosters appreciation for diverse cultures and perspectives. Through our partnership with the Amity Institute, native Spanish-speaking interns from around the world join our school community each year, bringing authentic language experiences and rich cultural traditions into our classrooms. Living with local host families, these interns work alongside teachers and engage with students daily in Spanish, helping to strengthen language development while building meaningful cross-cultural connections.

For almost four decades, RSIS has prepared students for global awareness and citizenship. Alumni of our program return regularly to talk about their jobs in various corners of the world – in international business, diplomacy, and other areas – and how learning a second language from an early age helped them achieve and grow.

As our world becomes more connected, the ability to speak, read, and write in more than one language is not just a gift—it's a powerful act of inclusion and understanding. Immersion education celebrates the richness of identity and prepares students to thrive as compassionate, global citizens.

MISSION
