BELIEVE. BELONG. BECOME.

Welcome to Robbinsdale's School of Engineering and Arts (SEA)!

ENGAGING EDUCATION

At the School of Engineering and Arts (SEA), a fun atmosphere unlocks curiosity and the joy of discovery. Students become critical thinkers, innovators, and collaborative problem-solvers. We embrace cultural relevance so students can see themselves reflected in their studies.

We infuse science, technology, engineering, and the arts into every subject. This creates unique learning strategies and strong outcomes. Students learn that failure is part of the learning process, and it's okay to try, fail, and try again.

At the heart of our curriculum is a question: "What if?" Students learn to approach every topic with curiosity and an open mind. We are built on a foundation of inquiry and hands-on learning.

COMPREHENSIVE EDUCATION

The SEA curriculum allows students to stretch and explore their understanding of the world. We help them reach their potential and find joy in discovery and learning.

MISSION

The mission of Robbinsdale Area Schools is to inspire and educate all learners to develop their unique potential and positively contribute to their community.

ADVENTURE CLUB - GRADES K-5

Looking for a safe, fun, and enriching place for your child before and after school? Adventure Club is Robbinsdale Area Schools' fee-based care program designed for students in kindergarten through fifth grade. We welcome all students and families!

Adventure Club is open:

- 🕒 6:30 a.m. until the start of school
- 🕒 After school until 6 p.m. on regular school days

📞 For more information, call 763-504-5320.

We proudly accept Hennepin County Child Care Assistance (CCAP). To find out if you qualify, please call 612-348-5937.
