

Young Adult Library Book Permission Slip

Parental permission is needed for students to check out Young Adult (YA) books from the Media Center. These books are for more mature readers and are considered to be high school level. Young Adult novels are shelved separately from the regular collection because the maturity of 6th graders is often vastly different from that of 8th grade readers. It is recommended that you research the reviews on any YA book that your child is interested in reading before granting permission for check-out. You may also indicate your approval for all YA books below. This form is kept on file in the Media Center office while your child attends FCMS. If you have any questions, please call or email the media specialist at 706-632-6100.

Grade

_____ has my permission to check out the following book:

Student Name

Book Title

Author

☐ **All YA books**

Check this option if giving permission to check out all YA books. The student's account will be tagged with this special permission.

Parent/Guardian's Signature _____
