INTERIM AGREEMENT

Educational Services at Echo Glen Children's Center

This Interim Agreement is entered into between the Issaquah School District No. 411 ("District") and the Washington State Department of Children, Youth, and Families ("DCYF").

The District previously entered into an Interlocal Agreement with the Washington State Department of Social and Health Services governing the provision of educational services at Echo Glen Children's Center, DSHS Agreement No. 1665-60491, effective July 1, 2019 through June 30, 2021 ("Prior Agreement"). The District and DCYF are currently discussing and negotiating the terms of a successor agreement.

Pending completion and execution of a successor agreement, the District and DCYF agree that the terms and conditions of the Prior Agreement will remain in force and govern their respective responsibilities for educational services at Echo Glen Children's Center.

This Interim Agreement does not modify the terms of the Prior Agreement or constitute acceptance by either party of any proposed terms currently under negotiation.

This Interim Agreement will become effective upon execution by both parties and will remain in effect until a successor agreement is executed or the agreement is otherwise terminated in accordance with the terms of the Prior Agreement.
