It explains that a contributor is anyone required to provide information on the FAFSA form, and a legal parent is a biological or adoptive parent as determined by the state. It then lists two points to keep in mind: if a stepparent or legal guardian has legally adopted you, you can invite them; if your legal parent is married to someone who hasn't legally adopted you, don't invite them. The page asks "Who should I invite as a parent on the FAFSA form?" and has "Previous" and "Continue" buttons at the bottom. An illustration of a man and a woman sitting on a bench is on the right.

How is the SAI Calculated?

- Primarily income-driven
- Major factors for dependent student:
 - Parental & student—
income and assets
 - Family size

A student's SAI remains the same no matter which school the student attends.

Calculating Financial Need

- Schools and colleges receive FAFSA information and calculate financial need
- Financial Aid Office (FAO) “packages” student based on financial need and available funding (varies from school to school)
- Financial aid offer sent to student

Step 4: Compare Schools' Financial Aid Offers Carefully

- There is no required standard format.
- If you receive a scholarship, do you know if there are conditions for maintaining it?
- Do you understand what is free money vs money that has to be paid back?

Bottom Line: What are your out-of-pocket costs?

Comparing Financial Aid Offers

Low, Fixed Rates
2.78–9.94% ^{1,2} APR

Effective as of 6/4/26

Learn more at pheaa.org/PAForward

1) Annual Percentage Rate (APR) Calculations—The lowest APR is based on the following assumptions: A loan of \$10,000 made in a single disbursement, a borrower who selected an Immediate Repayment Plan and a repayment term of 60 months, monthly payments of \$178.84 and a final payment of \$170.99, a fixed periodic interest rate of 3.06%, and total payments of \$10,722.77. The borrower in this sample qualified for a 0.25% Direct Debit benefit for the entirety of the repayment period and a 0.50% Graduation benefit was applied 47 months into repayment. The highest APR is based on the following assumptions: A loan of \$10,000 made in a single disbursement, a borrower who selected an Interest Only Repayment Plan and a repayment term of 180 months, monthly payments of \$83.17 for 52 months and monthly payments of \$107.34 for the remainder of the repayment term, a fixed periodic interest rate of 9.98%, and total payments of \$23,645.54. The borrower in this sample did not qualify for any interest rate discounts. Less than half-time students may only borrow a maximum of \$5,000 per loan. These APRs are estimates and may differ from the actual rates received.

2) The provided rate range includes Undergraduate, Graduate, and Parent loans and may change based on loan type, loan term, repayment plan, and applicable discounts (not all discounts apply to all loan products). See individual loan programs for more specific information. PHEAA uses applicant credit scores to determine eligibility and interest rates. Higher credit scores may mean an applicant is offered a lower interest rate. Applicants, including co-signers, are subject to credit qualifications, completion of an application and credit agreement, and verification of application information. PHEAA reserves the right to discontinue all programs or benefits without prior notice.
