Sports EKG Screenings

HEART SCREENINGS AVAILABLE FOR LARGE GROUPS AT NO COST TO THE PATIENT

Did you know that as of July 1, 2026, a new state bill went into effect in the State of Florida that requires first time student athletes to pass an electrocardiogram (EKG / ECG) screening prior to participating or seeking to participate in interscholastic high school athletic competition?

Joe DiMaggio Children's Hospital, in partnership with Who We Play For, is offering Sports EKG screenings for active children, adolescents, and young adults ages 10-25, **at no cost** to the patient. Simply **scan the QR code to register.**

A pediatric electrocardiogram (EKG) can detect potential heart problems in active children and young athletes. Screenings are painless and noninvasive, using a series of electrodes on the chest to measure electrical activity of the heart.

Sunday
October 25th, 2026
11am – 2pm

JDCH Specialty Center at Memorial Hospital Miramar

1971 SW 172 Ave, 2nd Floor,
Miramar, FL 33029

To book an Individual sports EKG appointment at one of our cardiology offices please call the Heart Institute at (954) 276-2000 or book online at JDCH.com/EKG

Patients (or their parents) who obtain a pediatric EKG testing at no cost to them under this program may not seek reimbursement for the test from any federal health care program, commercial insurer or other third-party payor. The pediatric EKG at no cost to the patient or parents constitutes a net discount. If patient is a Medicare or other federal health care program beneficiary, the patient (or parent) may be obligated to report this discount to the program upon request, pursuant to 42 C.F.R. 1001.952(h). The patient's ability to obtain a pediatric EKG test at no cost to them is not contingent in any way on his or her purchase or order of any other items or services from Joe DiMaggio Children's Hospital or its Medical Staff. To be a part of this program, the patient may use any pediatrician, regardless of whether or not that pediatrician is a member of Joe DiMaggio Children's Hospital Medical Staff. Licensed and insured.
