

ARTIFICIAL INTELLIGENCE

The North Middlesex Regional School Committee acknowledges the growing influence of artificial intelligence in education. The North Middlesex Regional School District is committed to preparing our students for their futures.

Therefore, our students need to develop fluency with digital technologies and critical-thinking skills while also honoring their commitment to academic integrity. The NMRSD will follow the NMRSD Artificial Intelligence Guidelines and ensure that they are shared with all administrators, instructional staff, and families.

The committee will review these guidelines annually, revise them as needed, and approve them.

Adopted by NMRSD School Committee:

Legal Counsel Review: 9/8/2026

NMRSD First Vote: 9/15/2026

NMRSD Adoption:
