1. Narrative description of the Proposition 28 arts education programs funded (2500 character limit).

Prop 28 funds are being used to expand and strengthen access to high-quality arts and enrichment opportunities for students across the district. The funding supports instruction, staffing, supplies, and performance opportunities in music, visual arts, theater, multimedia, band, and STEAM. Students receive art instruction, explore the lives and works of influential artists, and have additional opportunities to express their creativity through community events such as the Apricot Festival. Music instruction includes singing, music history, music theory, and performance preparation. Prop 28 also supports arts and music instruction through additional certificated and classified staff as well as instrument repairs, maintenance, curriculum resources, and supplies. Students participate in theater and related creative courses. Across the school year, students participate in approximately 10 theatrical productions and performances, developing confidence, public speaking, collaboration, teamwork, and self-expression. Funding also supports theater props, costumes, and performance costs. Prop 28 funds also support STEAM electives and multimedia programs, giving students additional opportunities to explore creativity, technology, problem-solving, and hands-on learning.
