New London-Spicer
Community Schools

Dear NLS Community,

Welcome back! We are excited to open our doors and begin the 2026-27 academic year - another year of learning, growth, and opportunity for our students. This fall is especially exciting as we return to updated and improved facilities, with several construction projects, including air quality, roofs, and pipes completed over the summer that will enhance the learning environment for years to come.

These improvements reflect our commitment to providing safe, modern, and engaging spaces for our students and staff. We are very thankful that the third and final phase of the project has been completed.

As we begin the year, we also encourage families to connect with us at upcoming back-to-school events. Please feel free to introduce yourselves, say hello, or take a moment to catch up—we value these opportunities to build strong relationships with our school community.

Important back-to-school dates and information can be found on our district website [www.nls. k12.mn.us/backtoschool] or by contacting your child's school building directly.

We look forward to partnering with our families and community as we begin what promises to be a great year ahead.

NLS SCHOOL SOCIAL WORKERS AND COUNSELORS seek to help students overcome problems that impede learning and are here to promote success for all students. They are available to all students and their families for the following:

- Individual and group counseling for social, emotional, and academic issues or concerns
- Crisis intervention and as advocates for students
- Mental health education, resources, and referrals
- A link between the home, school, and community
- Academic counseling preparing for graduation and higher education opportunities

Reach out to your child(ren)'s Principal's Office to connect with a school social worker or counselor.

LEVY FOR LEARNING
PLEASE VOTE ON OR BEFORE NOVEMBER 3

ZERO TAX INCREASE. BIG BENEFITS.

Staying invested in our future.

NLS has made nearly $750,000 in budget cuts. More cuts are on the horizon.

The Levy for Learning Operating Referendum will reduce future cuts that could impact:

- Class sizes
- Activities & class offerings
- School security

7th-12th Activity Registration for the 2027-28 School Year - Opens After July 1st

Make sure your child's sports physical is completed prior to the start date of any athletic practice. Students will not be allowed to practice without a current physical on file in the Community Ed/ Activities Office. All incoming 7th graders & most 10th graders will need a physical. Physicals are good for 3 years. To check your child's physical date please call the Activities Office at 320-354-1406

It is the mission of the New London-Spicer Educational Foundation to enhance the quality of education in the New London-Spicer School District by helping fund programs for the benefit of all students. Donations made are tax deductible under the Foundation's 501c3 status and will be used to support programs and innovative opportunities that cannot be supported by the limited school funds.

Two endowments, Two focuses

- The Community Endowment for the Arts (CEFA) supports the Arts for all students PreK-12 through a yearly grant program.
- The NLS Educational Endowment supports Science, Technology, Engineering, Mathmatics (STEM) initiatives throughout the district.

Special Education Info

NLS provides inclusive and comprehensive special education services for students with disabilities from birth through 22 years of age. Special education is instruction, specific to the child, at no cost to parents, to meet the unique needs of a child with a disability. Students with disabilities are general education students first. They receive special education support services in conjunction with the general education curriculum. Special education is an instructional service, not a place.

Special education services are available to address the educational needs of students that are identified through a comprehensive special education evaluation with one or more disabling conditions. If you suspect your child is not progressing in their education and may have one of the disabling conditions, please contact a special education coordinator:

INFORMATION FOR PARENTS

IF YOUR FAMILY LIVES IN ANY OF THE FOLLOWING SITUATIONS:

In a shelter

❖

In a motel or campground due to the lack of an alternative adequate accommodation

❖

In a car, park, abandoned building, or bus or train station

❖

Doubled up with other people due to loss of housing or economic hardship

Your school-age children may qualify for certain rights and protections under the federal McKinney-Vento Act.

Your eligible children have the right to:

- Receive a free, appropriate public education.
- Enroll in school immediately, even if lacking documents normally required for enrollment.
- Enroll in school and attend classes while the school gathers needed documents.
- Enroll in the local school; or continue attending their school of origin (the school they attended when permanently housed or the school in which they were last enrolled), if that is your preference and is feasible.
  - * If the school district believes that the school you select is not in the best interest of your children, then the district must provide you with a written explanation of its position and inform you of your right to appeal its decision.
- Receive transportation to and from the school of origin, if you request this.
- Receive educational services comparable to those provided to other students, according to your children's needs.

If you believe your children may be eligible, contact the local liaison to find out what services and supports may be available. There also may be supports available for your preschool-age children.

Services for Students with Disabilities

Elementary and Secondary 504 Services

Notice of parent/student rights in identification, evaluation, and placement of individuals with disabilities.

In compliance with the procedural requirements of Section 504 of the Rehabilitation Act of 1973, hereinafter Section 504, the following Notice of Parent/Student Rights in Identification, Evaluation, and Placement shall be utilized in the New London-Spicer Schools.

The following list of rights is given to ensure the parent/guardian's awareness of the regulations about the evaluations of and/or special instruction which may be offered to his/her child. Should the parent/guardian have any questions, contact Matt Dahl, Ann Dobmeier, Brian Westby (contact information below). The parent also has the right to meet with the superintendent or designee and/or the local school board to resolve any objections to either the evaluation or educational placement of the student.

1. Section 504 is administered by the U.S. Department of Education, Office for Civil Rights (OCR). If you need information about Section 504, the contact information is as follows:

   Office for Civil Rights, Chicago Office (Region V)
   U.S. Department of Education
   500 W. Madison Street Suite 1475
   Chicago, Illinois 60661
   (312) 730-1560
   FAX: (312) 730-1576
   TDD: (312) 730-1609
   Email: OCR.Chicago@ed.gov

2. The following is a description of the rights created by federal law to individuals with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

   A. Have your child take part in and receive benefits from public education programs without discrimination because of his/her disability.
   B. Have the school district advise you of your rights under federal law.
   C. Receive, notice with respect to the identification, evaluation, or placement of your child.
   D. Have your child receive a free appropriate public education. This includes the right to be educated with nondisabled students to the maximum extent appropriate. It also includes the right to have the school district make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.
   E. Have your child educated in facilities and receive services comparable to those provided to nondisabled students.
   F. Have your child receive special education and related services if s/he is found to be eligible under the Individuals with Disabilities Education Act (IDEA), and/or general education intervention/modifications outside of special education under Section 504 of the Rehabilitation Act of 1973.
   G. Have evaluation, educational, and placement decisions made based upon a variety of information and sources, and by persons who know the student, evaluation data, and placement options.
   H. Have transportation provided to and from an alternative placement setting at no greater cost to you than would be incurred if the student were placed in a program operated by the school district.
   I. Have your child given an equal opportunity to participate in nonacademic and extracurricular activities offered by the school district.
   J. Examine all relevant records relating to decisions regarding your child's identification, evaluation, educational program, and placement.
   K. Obtain copies of educational records at a reasonable cost unless the fee would effectively deny you access to the records.
   L. A response from the school district to reasonable requests for explanations and interpretations of your child's records.
   M. Request amendment of your child's educational records if there is reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child. If the school district refuses this request for amendment, it shall notify you within a reasonable time, and advise you of the right to a hearing.

N. Request an impartial hearing, and an appeal of any decisions or actions taken by the school district regarding your child's identification, evaluation, educational program, or placement. The costs for these due process procedures will be borne by the school district. You and your child may take part in these proceedings and have an attorney represent you. Requests for due process must be made to the superintendent or the Section 504 coordinator. The following details the procedures:
   1. If the parent/guardian disagrees with the identification, evaluation, educational placement, or with the provisions of a free appropriate public education for his/her child, the parent/guardian may make a request for a hearing to the superintendent, indicating the specific reason(s) for the request.
   2. The school district may initiate a hearing regarding the identification, evaluation, or education placement of the student or the provision of a free appropriate public education to the student. The school district shall notify the parent/guardian of the specific reason(s) for the request.
   3. Such hearings shall be conducted within twenty (20) instructional days after the request is received, unless the hearing officer grants an extension, and at a time and place reasonably convenient to the parent/guardian. Upon receipt of a request for a hearing, the superintendent shall appoint the independent hearing officer. The school district shall bear all costs pertaining to the hearing, including the transcription, hearing officer fee and expenses, but shall not be responsible for the fees and expenses incurred by the parent/guardian except for those detailed below. The parent/guardian involved in a hearing shall be given the right to have the child who is the subject of the hearing present, open the hearing to the public, and be represented by counsel or any other representative.

O. Request a review (appeal) of the hearing, should you not prevail. The following details the procedure:
   1. A petition to review (appeal) the decision of the hearing officer may be made by any party to the hearing. The request must be filed with the superintendent and the opposing party, be specific as to the objections, and be filed within twenty (20) instructional days of the date the hearing officer's decision is received. The school district is responsible for the appointment of an independent appeals officer to conduct an impartial review of the record as a while and may, at his/her election, conduct the review with or without oral argument. Such review shall be conducted within twenty (20) instructional days of the receipt of the petition to review, unless either party requests an extension of time.
   2. The appeals officer shall ensure that a transcript of the review is prepared and made available to any party upon request.
   3. Any party disagreeing with the decision of the appeals officer may appeal to a civil court with jurisdiction.
   4. A parent/guardian represented by legal counsel during the proceedings of a due process hearing, appeal, or civil action may be entitled to reimbursement of legal fees if the parent ultimately prevails.

The people in this school district who are responsible for assuring that the school district is in compliance with Section 504 are:

Matthew Dahl, Middle School Dean of Students
New London-Spicer Middle School
101 4th Ave SW
New London, MN 56273
(320) 354-2252 ext. 2403
