SCHOOL-FAMILY COMPACT

2026-2027

What is a School-Family Compact?

- A shared agreement between families, students, teachers, and the community
- Focus: supporting student learning at school and at home
- Co created through input meetings and surveys
- Reviewed and updated every year
- Open to feedback anytime all families are encouraged to contribute

JOINTLY DEVELOPED

The Families, students and staff of Love T. Nolan Elementary School developed this School-Family Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us how to help them learn. Meetings will be held Spring 2027 to review and revise.

Activities to Build Partnership

Love T. Nolan will provide many opportunities for families and community members to be involved. These events and activities will build and develop partnerships to help our students' academic achievement.

- Open House/Sneak-a-Peak
- Principal Chat and Chew
- Family Literacy Night
- Reading Night
- Family STEAM Fun Night
- Career Day
- Volunteer
- Annual Title I Parent Meeting
- Parent-Teacher Conferences
- Classroom Observations

Communication About Student Learning

Love T. Nolan Elementary School realizes the importance of ongoing two-way communication, especially when it comes to the student's academic achievement. Some of the ways you can expect us to reach you are:

- School website
- School Messenger
- Phone Calls, Text Messages
- Parent emails
- Class Dojo
- Home Access Center
- Face to Face

District Goals

- Increase the percentage of all students scoring proficiency or distinguished on Reading Milestones
- Increase the percentage of all students scoring proficient or distinguished on the Math Milestone

School Goals

- By May 2027, 80% of K-5 students will place at or above grade level on the iReady Reading Diagnostic.
- By May 2027, 80% of K-5 students will place at or above grade level on the iReady Math Diagnostic.

K-5 Focus Areas:

Reading: Reading Comprehension and reading for Fluency

Math: Number recognition, addition, multiplication, and division

- Provide grade-level reading passages and vocabulary words to build content mastery.
- Providing Problem-solving strategies that aligned with iReady and the GMAS.

- Use the grade-level reading passages and vocabulary words to practice with their child at home.
- Support my child at home when using the problem-solving Strategies provided by the school.

- Use the grade-level reading passages and vocabulary words to practice with their child at home.
- Practice the problem-solving Strategies provided by my teacher at home with my child.
