MISO3 14095 Grades 10-12

Description:

This course is intended to provide a background of business to explore the world of business. Students will learn skills and concepts needed for business use, including banking and budgeting, checking and savings, investing and credit, communication and decision-making, record management and taxes, marketing and consumerism, and computer technology. They will gain an insight into the world of business, careers, opportunities, and entrepreneurship through career searches, various projects and simulations, and guest speakers. Business Finance is designed to assist all students in acquiring an understanding of the many facets of the American business environment.
