Sierra View GATE schedule #2

BRAIN CHILD: Central Nervous System

We will open the door to scientific discovery as we unravel the complexity of the human central nervous system. Additionally we will develop our executive function skills as we complete a project outside of class, demonstrate our knowledge through a final exam AND participate in an optional mammalian brain dissection.

- Guidelines for the student centered project were passed out the first day of class and made available each class period.
- Only students who complete each unit assignment **on time and follow the guidelines** will be invited to participate in the optional dissection lab. Students are given over three weeks to organize their time and complete the project so it may be turned in early if they know they will be unable to turn it in on the assigned day. If a student is ill and unable to attend school on the due date the project may be turned into the office by a friend or family member. Please contact the teacher with any concerns Bcombs@ojusd.org

	3rd & 4th	**5th & 6th**
Tue. Sept. 15	8:15-9:00	9:00-9:45

Sept. 16 OJUSD GATE B2S @ Fair Oaks for all OJUSD 3rd-6th Gifted Learners

Thurs. Sept. 17	12:30-1:00	1:00-2:00
Tue. Sept. 22	8:15-9:00	9:00-9:45
Thurs. Sept. 24	12:30-1:00	1:00-2:00
Tue.. Sept. 29	8:15-9:00	9:00-9:45
Thurs. Oct. 1	12:30-1:00	1:00-2:00
Tue. Oct.6	8:15-9:00	9:00-9:45
Thurs. Oct. 8….project due…….	**12:30-1:00……**	**project due…….1:00-2:00**
Tue. Oct.13….final exam….	**8:15-9:00……**	**final exam…….9:00-9:45**
Thurs. Oct. 15……	**12:15-1:00…….. dissection lab…….**	**1:00-2:15**

WE NEED ADULT VOLUNTEERS TO ASSIST WITH THE DISSECTION LAB. Please let me know if you are able to attend.

The dissection lab is an optional non-graded activity and designed for those who enjoy a hands-on approach to biology, Non-interested students do not need to attend GATE class on dissection day.
