

Nyack Public Schools

NY State Dental Health

Dear Parent/Guardian:

NY State has enacted a new regulation requiring a dental exam for all new entrants, Pre-K, K, 1, 3, 5, 7, 9, & 11 however, all students should be examined by their Dentist annually. The bottom of this form should be completed by your child's dentist and returned to the Nurse's Office along with the other health forms.

Thank you for your cooperation in this health endeavor. Our students benefit when we all work together to promote their health and achievement.

A list of Dental Service Providers who offer sliding scale or low cost exams is available upon request from the health office. Please call the school's health office if you have any questions, concerns or if I can assist you in any way.

Thank you from the Nyack Public School Nurses

Student Name: _____ Grade: _____

To be completed by the dentist and returned to school:

☐ Yes The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.

☐ No The student listed above is not in fit condition of dental health to permit his/her attendance at the public schools.

NOTE: "Not in fit condition of dental health" means that a condition exists that interferes with a student's ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of "not in fit condition of dental health to permit attendance at the public school" does not preclude the student from attending school.
