Explore & Favorite Careers

Explore possibilities, then save careers you want to remember.

1. **Open Career Center**
   Careers → Career Center
2. **Explore a career**
   Open a career profile and look around.
3. **Favorite it**
   Click the heart / Favorite button.

OPEN | EXPLORE | FAVORITE

1. Open the Career Center

Start from your To Do or the Careers menu.

OPTION 1

Use your To Do

Dashboard → To Do → open the career exploration task.

OPTION 2

Use the Careers menu

Careers → Career Center. Search by career name or browse by cluster.

You do not have to know your future career yet. This step is just exploration.

2. Open a Career Profile

Spend a minute learning before you save it.

LOOK FOR

What people do

Read the career overview.

LOOK FOR

Education & training

See what preparation is usually needed.

LOOK FOR

Pay & outlook

Check salary and job-growth information.

LOOK FOR

Videos

Watch a mentor or day-in-the-life video if available.

Favorite careers you are curious about — this is not a commitment.

3. Click the Heart / Favorite Button

Repeat until you meet your grade-level requirement.

ON A CAREER PROFILE

♡ Favorite

Click the heart. When it shows as saved, that career counts.

HOW MANY FAVORITES?
