 - Dear PTO,
 - The seventh grade team would like to express our sincere appreciation for all the food, positive vibes, drawing prizes and expressions of appreciation given to us through all your efforts! We are continually amazed at what a small but mighty force of women we have pulling for us and our school everyday! Throughout the year, your ability to make things happen and your forward thinking efforts for our

fundraiser and all the other pieces that need to be in place for events to be successful is greatly appreciated and noticed by all of us. It truly is wonderful how you have all taken an almost nonexistent PTO and made it such a force in our building. It's so nice to see new life breathed into our school community from such wonderful and supportive families!

- Sincerely, The Seventh Grade Team
- Thank you for all of your support this year!
 - Thank you specifically for the Amazon gift card you gifted the Occupational Therapy room earlier this year after some items were damaged after a situation of dysregulation. I was able to purchase a stair stepper and walking pad to support our students! Thank you again! ~Katie Bakke, OT
