EscuderoK@Bolles.org, U-104

**APPLICATIONS AND \$500
DEPOSIT DUE OCTOBER 14, 2026**

ART & IMPACT: EXPERIENCE NEW YORK CITY WITH ATLAS WORKSHOPS

How might a city inspire, connect and support artists? You can't go anywhere in New York City without encountering artists — from the galleries of Chelsea to the shows on (and off) Broadway, from musicians in Brooklyn to incredible museums of Manhattan — the city is world renown for its incredible arts. The city supports and inspires artists of all kinds, and the results are everywhere. On this trip, students will dive into the arts scene and explore the neighborhoods and highlights of New York. They will view and experience an array of renowned works and productions. Students will meet with artists, discover hidden venues, do hands-on workshops, create local projects and even dive into creating an art piece of their own. We will ask the important questions: what will New York City inspire in us and how can other cities help shape art into the future?
