Engagement Sessions 2
Option Development Units

Number of Students who Attend the Zoned School Elementary|Middle|High

This map documents the units used to develop the options presented in Fall 2026 as part of Engagement Session 2. Each unit shows the number of students who attend the zoned school: Elementary|Middle|High. In the example above, there are 90 elementary students, 41 middle school students, and 65 high school students. Student counts are as of 8/28/2026 (Day 20). Units were built using the main road access, geographic features, current attendance area, parcel lines, road centerlines, etc. Units were split if too big (e.g. >1 mi in length or with more than 100 students), if possible.
