GPA DETERMINATIONS

Escuela Americana's grade scale in High School is a numeric, 100-point scale. Our lowest passing grade is **65**.
Only grades earned at Escuela Americana, including courses taken with our partner online school, OneSchoolHouse, are used for a student's cumulative GPA calculation. EA calculates both a simple (unweighted) and adjusted (weighted) GPA for all students. Advanced Placement courses are weighted an additional 10 points in the calculation of adjusted cumulative GPA. 10th and 11th-grade students must pass the AP exam with a score of 3+ to earn the GPA bonus. EA does not rank its students but instead provides universities with a decile range.
