520 STUDENT SURVEYS

I. PURPOSE

Occasionally the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

II. GENERAL STATEMENT OF POLICY

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 U.S.C. § 1232h.

III. STUDENT SURVEYS IN GENERAL

A. With limited exception for research purposes and safety precautions, student surveys will be conducted anonymously (for the purposes of this policy, "anonymously" is defined as in such a way that individual respondents generally cannot be personally identified from the data collected). There will be no requirement that the student complete ~~return~~ the survey.

Some research may require identifiable information be collected for the purposes of linking to other data to examine aggregate relationships (for example, attitudes and achievement) or for providing students, families, or educational personnel with interpretive information about responses (for example, interest inventories). Additionally, identifiable information may be required to ensure student safety if disclosed information indicates a risk of harm to students or others.

If personally identifiable data are collected for these purposes:

- Participants must be informed that the survey is confidential and their identity is attached to their survey,
- The purpose for collecting these data must be communicated to participants,
- These data must not be used for any purpose beyond what is communicated to participants,
- These data must be destroyed when they are no longer needed for the communicated purpose, and
- These data must be kept confidential (for the purposes of this

policy, "confidential" means kept private and secure; only released on a pre-specified "need to know" basis)

B. The Superintendent/designee may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on student characteristics (e.g. age, race, color, sex, disability, religion, or national origin).

C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or has the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.

D. Even when a survey is conducted anonymously, potential exists for personally identifiable information to be provided in response thereto. To the extent that personally identifiable information of a student is contained in his or her responses to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minn. Stat. Ch. 13 (Minnesota Government Data Practices Act), 20 U.S.C. § 1232g (Family Educational Rights and Privacy Act) and 34 C.F.R. Part 99.

E. The school district must not impose an academic or other penalty on a student who opts out of participating in a student survey.

IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION PROGRAM

A. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.

B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or in the case of an unemancipated minor, without the prior written consent of the parent, to submit to a survey that reveals information concerning:
