

Victor Valley Union High School District

After School Credit Recovery and Original Credit Programs

Dear Students and Guardians:

Starting September 15th, 2026, VVUHSD will offer a district-wide credit recovery program and an original credit program to support students who need to earn credits to graduate with their class.

Below are the main features of the program:

- ☐ The **Credit Recovery** Program is a district monitored program offered at multiple sites. It can be used to make up a failing or incomplete grade through APEX (70% of the course for a grade of C or lower), or through Courseware (100% of the course for a full range of grades). Courseware can also be used for Original Credit.
- ☐ Each session is for 2-3 hours before school or after the end of the school day. Students should complete a course in 15 *school* days.
- ☐ Students attending the Credit Recovery program will recover 5 (five) credits for a course in which they have **received a D or an F. This is not for improving grades that are at a C or above.**
- ☐ Students may work virtually, only attending when they want support or need to take a test, and the courses are A-G approved.
- ☐ These courses are provided as a computer-based program. Lessons and tests are completed on the computer.
- ☐ All students, including virtual students, will complete their final exams under teacher supervision in the classroom.
- ☐ The highest grade earned in this recovery course is a C for the APEX (70% courses). A student can receive a full range of grades under the Courseware program or the APEX (100% courses). These courses cover 100% of the material. Each course is for 5 (five) credits.
- ☐ Again, most of these courses are A-G approved and will be four year college transferable. These courses will help you earn the credit you need to graduate with your class.

Yes, you can complete a course in 39 hours!!

To register for these courses, you must:

- ☐ Have earned a grade of D or F in a course required for graduation.
