2026-27 District Strategic Priorities

During the 2026-27 school year, the Wallingford-Swarthmore School District will focus on **four strategic priorities** that support student achievement, strong schools, responsible planning, and safe, inclusive learning environments.

OUR PRIORITIES

01

ELEVATED HUMAN CAPITAL

Strengthening workforce planning, employee support, and professional growth to ensure every school is equipped to help students succeed.

02

INTEGRATED ACADEMIC AND SOCIAL-EMOTIONAL SUPPORTS

Expanding academic, behavioral, and social-emotional supports while continuing to strengthen curriculum, instruction, and responsible use of technology.

03

FISCAL RESPONSIBILITY

Maintaining long-term financial sustainability while investing in our schools, facilities, and future needs.

04

SAFE & INCLUSIVE SCHOOL ENVIRONMENTS

Expanding inclusive learning opportunities while strengthening school safety, wellbeing, and emergency preparedness.

Together, these priorities help us create outstanding learning experiences where every student can grow, belong, and thrive.
