PRESS RELEASE
FOR IMMEDIATE RELEASE

January 30, 2026

Scheduled Pest Control Treatment at Thornwood High School

South Holland, IL – Thornwood High School will undergo a scheduled, comprehensive pest control treatment beginning at 5:00 p.m. on Friday, January 30, 2026. The treatment will be conducted by Platinum Pest Control and will follow a two-step process designed to address both immediate and long-term prevention needs.

The first phase includes a knockdown application intended to eliminate any active pests. This will be followed by a residual treatment to deter future pest activity and maintain a safe, healthy school environment.

The district and school administration remain fully committed to the health, safety, and well-being of all District 205 students and staff. School facilities are closely monitored, and proactive measures are routinely taken to minimize disruptions to learning.

Families and staff are encouraged to promptly report any signs of pest activity, including bed bugs. Reports should be directed to Thornwood High School by contacting Ms. Edwards or Mr. Walsh at (708) 224-4703.

District 205 appreciates the continued partnership of its school community in helping maintain safe and well-maintained learning spaces for all students.
