

Scroggins ES-1st SDMC Meeting Date: 8/17/2026 Time: 4:15-5:15

The first Shared Decision-Making Committee (SDMC) meeting for the 2026-2027 school year was held on August 17, 2026, at 4:15 p.m. Principal Jennifer Martinez welcomed all attendees and called the meeting to order. Introductions were made by campus staff members, PTO representatives, and the community member representative. Principal Martinez thanked everyone for their willingness to serve and emphasized the importance of collaboration in supporting student success and school improvement.

The meeting began with celebrations and highlights from the first week of school. Committee members discussed the positive opening of the school year and the enthusiasm shown by students, staff, and families. The successful creation of the Parent Teacher Organization (PTO) on the previous Friday was also celebrated, as it will provide additional opportunities for family engagement and campus support.

Principal Martinez then reviewed current enrollment numbers. The campus had initially projected an enrollment of 215 students; however, enrollment has already exceeded expectations and reached 270 students. Committee members expressed excitement about the growth and discussed the impact the increase in enrollment may have on campus resources and support systems.

Staffing updates were shared next. While the campus has filled most positions, there remains a need for a school nurse. Administration will continue efforts to recruit and hire a qualified candidate to fill this vacancy as soon as possible.

The discussion then shifted to campus operations. Principal Martinez shared that there are several areas of the building that require attention and maintenance. Committee members discussed the importance of maintaining a safe, functional, and welcoming learning environment for students and staff.

Student achievement was the next major topic discussed. Principal Martinez reviewed the campus academic data and shared that the school's TEA accountability rating decreased to a C this year. She provided a detailed overview of each accountability domain and discussed areas of strength as well as areas needing improvement. The committee reviewed student performance data and discussed the development of an action plan focused on increasing academic achievement. Particular attention will be given to improving student performance on MAP, DIBELS, and STAAR assessments and ensuring students reach the Meets performance level. The committee also discussed the achievement gaps between General Education and Bilingual student groups and the need for targeted interventions and instructional strategies to close those gaps. An action plan

was presented and discussed to address the identified needs and improve student outcomes.

Attendance goals were also reviewed. The committee discussed the importance of increasing student attendance and establishing a goal of exceeding the current attendance rate of 95-96%. To encourage student success, an incentive plan will be developed to recognize students who achieve perfect attendance and meet academic achievement goals throughout the school year.

Campus safety and operational needs were discussed next. Committee members emphasized the importance of ensuring all campus doors remain closed and secured at all times. Additionally, dismissal procedures will be adjusted by relocating student walkers to the front hallway to improve supervision and safety. The committee also discussed the importance of teachers consistently utilizing ClassDojo as a communication tool to strengthen connections between the school and families.

Family and community engagement opportunities were shared by PTO representatives and campus leadership. Spirit Week is scheduled for September 17, 2026. Coffee with Administration meetings will begin at 9:00 a.m. to provide families with opportunities to connect with campus leadership. PTO representatives shared plans for a family engagement fundraiser and Grandparents Day activities. STEM/Career Night will be held on September 24, 2026, and community members will provide snacks for attendees. Looking ahead to October, the campus will host its annual Fall Festival and participate in Red Ribbon Week activities. The committee also discussed a volunteer clean-up day for the Pre-K Park scheduled for August 21, 2026, from 9:00 a.m. to 12:00 p.m.

Before concluding the meeting, Principal Martinez announced that the next SDMC meeting will be held on September 14, 2026. With no further business to discuss, the meeting was adjourned.
