

Insurance Coverage for Student Devices

iPads (Grades K-12)
2026-2027

Every student in grades K-12 has the option to purchase device insurance for their school issued iPad. The cost of this insurance is \$15 annually. Payment must be made by September 18, 2026 to have insurance coverage. Payment can be made by selecting "Pay for Student Fees" at the following link:

Below you will find the terms of the insurance agreement:

- This agreement does not cover stolen devices, misuse, abuse, or intentional damage. An investigation will be made by the building administration to determine the cost of damage.
- This agreement is intended to cover catastrophic damage to the iPad to protect the student from having to pay for full replacement.
- Habitual damages are not covered under this policy. Insurance is designed to cover no more than one major incident. Multiple major incidents will be reviewed by the administration.

Examples of common iPad damages:
