

Parent Bulletin Friday 18th September 2026

Dear Parents and Carers

Today in my video message to students I congratulated them on their great start to the term so far. Walking around school and visiting lessons is an absolute delight. The overwhelming majority of students are working hard, look smart and are being very polite and well behaved. The implementation of the mobile phone ban, along with related devices (smart watches and headphones etc) is going very well and I am expecting this to continue.

Next week we will be starting some student survey work about our food service and adding beans and scrambled egg to the free breakfast offer. We are also going to be teaching more about political literacy (what political parties we have, how elections work etc) in the run up to a by-election in London next month as we found so many students have limited knowledge here. Given the vote will be coming for 16 year olds soon this is really important. Please talk to them about this.

School Photographs

On Tuesday or Friday of next week all students will have their individual photographs taken. They know which day their photo is going to be taken on and you will have the opportunity to buy them afterwards. Please ensure they look especially amazing in their uniform that day.

Open Evening

On Tuesday from 4.30pm to 6.30pm the school is open to parents of children in Year 6 who may want to choose Slough and Eton as their secondary school. There are plenty of students helping out and thank you for supporting us with this really important event.

Medical Update

I'd like to remind parents that if your child has a medical condition and/or takes any medication regularly it is important that school knows about this. In the event that we needed to call an ambulance for your child this is vital information we would pass on to paramedics. If you do need to tell us anything new please contact us using SE-FirstAid@slougheton.com or LCA@slougheton.com

Online Safety

This week's online safety guidance is about what parents need to know about Parental Controls for an Android Phone. You can access the details online [here](#).

Have a great weekend.

Yours sincerely
Peter Collins
Headteacher

I have come in order that you might have life – life in all its fullness (John 10:10)
