Pay Here on Total Registration → www.TotalRegistration.net/AP/242343

Each AP exam is \$64.00. Late fees will be added as of November 1, 2026. Woodbury High School encourages every AP student to take the AP exams. Exams will cost \$18 each for students eligible for Free or Reduced-Price Fees. Students requiring other financial assistance should contact Mr. Mark Canton, Woodbury High School Assistant Principal, mcanton1@sowashco.org, before ordering to learn more.

Refunds? If a student changes plans, the exam fee is refundable through November 13, 2026. After November 13, an \$18 refund per full-priced, cancelled (prepaid) exam is available. (Late fees are non-refundable.) No refunds available after March 1, 2027.

Cancellation notice: Students eligible for free/reduced price fees – if you sign up for an exam and do not show for it in May, additional fees will be applied to your student account to cover the \$40 per exam cancellation fees assessed by the College Board.

Absolutely no orders can be placed after February 28, 2027.

When entering information in your AP Account and Total Registration, please enter your information carefully. For best results, use a computer rather than a phone.

Students do not need to join their AP course on their College Board account more than once for each AP class. **When you join your AP course in your College Board account, you make a selection (YES/NO/Undecided) about the AP exam.**

Your College Board account and your Total Registration account need to match up exactly. You need to use the same email address for both accounts. **Use a personal email address so you will still be able to get email from the College Board if your school account is closed after high school graduation.**

Use the exact same name for yourself on both accounts. Use your full legal name. If you are called A.J., but your whole name is Aaron James, be sure to put in as many letters of your full legal name as will fit in the allotted spaces. If you have multiple last names, enter as much as will fit in the spaces in both Total Registration and the College Board.

To complete the payment process on Total Registration, students must answer all of the require questions. We strongly recommend that parents and students are both present while completing the process to ensure that the correct exams are selected. Once you pay for your exam(s) on Total Registration (step 1), open your College Board account and enroll in your AP course to order yourself your AP exam (step 2).

Note: the overwhelming majority of students choose to take an AP class with one of our teachers rather than complete the study and exam preparation via independent study. Independent study AP is rare.
