What is LEVEL UP?

Level Up is an academic mentorship program designed to help students build the skills, confidence, and connections they need to be successful in high school.

Students will:

Connect

with a trusted adult mentor

Set goals

and celebrate progress

Build academic habits

like organization, communication, and follow-through

Practice

self-advocacy and communicating with teachers and support staff

Strengthen

their sense of belonging and connection to school

Be recognized

for their effort and growth

The big idea:

Progress, not perfection.

We're here to walk alongside students, help them find what works, and remind them that they don't have to do it alone.
