

SYSTEMATIC BEHAVIOR SUPPORT

TIER 2 BEHAVIOR SUPPORT

When **Tier 2** behavior supports are thin, teams can end up spending more time meeting, discussing, and referring than intervening.

Join us to build the systems, practices, and structures essential for effective and proactive **Tier 2** Positive Behavior Intervention & Support (PBIS) implementation.

Participants Will:

- Understand the core features of Tier 2 interventions, including **Check-In, Check-Out (CICO)**, skills groups, and more
- Learn how to identify students for Tier 2 support using data and team-based processes
- Explore key implementation components such as progress monitoring and data decision rules
- Leave with practical tools and strategies to strengthen CICO and other Tier 2 supports at their site
