Old Business		30 min	

Bussing Shortages	Brian Siesto (via Mr. Sorce	15 min	Brian Siesto spoke with Superintendent Timothy Terranova and Director of Transportation, Kelly Clink on the status of the district's bus driver shortage that has affected sports runs. There are currently 8 new drivers being trained in the system. Brian will follow-up with the status of the trainees for the next meeting. This is an ongoing issue that the district is continually working on.
Second Breakfast	Brian Siesto (via Gina Potenza	15 min	Brian Siesto has scheduled a meeting with Alix TePoel-Dewitt, head of Food Services to share the discussion for changes on the second breakfast that begins every day at 9:10 in the cafeteria. One of the suggestions would be a "grab & go" kiosk system at key locations in the high school (e.g. the North Wing and outside the PE department office wing). Brian will report back to Council after consulting with Alix and her team.
New Business		40 min	
The Outstanding Student Award	Brian Siesto	10 min	Brian Siesto asked the group for suggestions on how to market the nomination form for the annual Building Council's Outstanding Student Award that will be presented at Awards Night on Tuesday, June 2nd. Suggestions included adding promotions through the Victor Voice, Victor View, and Parent Square. A group of 10th graders along with Kim Doell and PPS are looking into improving the district's social media presence to help promote events.

Open House	Brian Siesto	30 min	Brian Siesto led a discussion on the future of Open House at the high school. This past fall, the Junior High did not have a traditional Open House program. The new concept began in the auditorium with a presentation by Principal Brian Gee. Afterwards, parents could then visit student classrooms at their own pace. Brian Siesto said he has spoken to other area school districts who have moved to the open forum concept and reported good results as they tend to lead to more conversations. The consensus of the group was that once the purpose of Open House is decided, it would be easier to choose a method.
